**Thursday - 21 April 1960**

STAT 1. [ ] JSW) [ ] and John Warner met with Ken Belieu in order to brief him on the background of the current Korean events. Apparently one James LeBlond has written to Senator Lyndon Johnson saying that a Colonel Hess of the Air Force in Los Angeles has considerable inside information on activities in Korea which he would like to give to Johnson. LeBlond who writes from Waco, Texas, and apparently has been involved in the Korean orphan program indicated that Hess believes the current riots have been master minded from California. [ ] gave Belieu a general run-down on the Korean situation and expressed an interest in learning the results of Belieu's proposed visit with Colonel Hess next week. Belieu said he would be happy to supply this.

25X1 3. [ ] JSW) By arrangement with Vernon Turner, [ ] sat in on the House Post Office and Civil Service Committee hearings on proposed pay raises for Government employees. Witnesses today were Stans, Staats and Finucane. Essentially the Administration is opposed to pay legislation at this time until the study is completed by BLS and because of the additional drain on the budget. [ ] will provide more detailed reports and will be present at future hearings.
